## **COVID 19 safety policy for full-immersion courses, July 2020**

### **DRAFT**

We are not currently offering group courses, but our full-immersion courses are adaptable to the COVID 19 situation, meaning that you can take a course with us under the safest possible conditions.

### **Transport**

On arrival in the UK, your designated driver will have sanitized his/her car and will wear a face-mask.

Please also wear a mask and sit in the back seat. There will be no other passengers.

### **Accommodation**

Your hosts will observe the 1m+ rule currently in place in the UK.

Your room will have been thoroughly sanitized and regular cleaning of the room and common areas will take place.

Please wash your hands regularly.

### **Tuition**

Teaching will be in-person (NOT online). The teacher will come to the host family home and maintain social distancing.

Face-masks will not be used, as this makes teaching difficult, so we propose 2m distancing, which is not difficult to achieve when teaching 1:1.

### **Excursions**

Please be prepared to use a face-mask.

### **Queries**

We will be pleased to answer any other queries you may have before you arrive.
